WE'LL HELP YOU GET STARTED WITH FASTER ONLINE REFERRAL.

> Perfect for multi-practitioner practices or if support staff send referrals on the dentists' behalf.
> Access to some Dentist Connect resources may be limited, but are accessible via your PERSONAL login.

> Your PERSONAL login will give access to a personalised Referral Form, as well as all the other resources in Dentist Connect.
> Perfect for individual dentists and practices with just one or two dentists who generally send their own referrals.
> Allows access to personal CPD certificates, lecture notes, case studies, video & photo galleries, & more.
